Where appropriate for your student/s situation, eg which school your student/s attend and your eligibility for bus fares assistance under the Non State Schools Transport Assistance Scheme, we will supply an invoice for bus fares either directly to you, or to your school where arrangements are in place to do so. Depending on which service your students are travelling on you may be provided with a Smartcard which is required to travel on those services. Our Website and Facebook page contains many useful documents including this form, plus the fares matrixes across our services.
